The customers will use their registered mobile number to login and they will get an OTP to validate the login.

The image displays two screenshots of a mobile application interface. The left screenshot shows the login screen with the 'positive pay+' logo at the top. Below the logo is a form with a 'Mobile Number' input field, 'Remember Me' and 'Fingerprint' checkboxes, and a 'LOGIN' button. At the bottom of the form are links for 'CONTACT US', 'LOCATIONS', and 'MORE >', along with 'Internet Banking Disclosure 3.0.2' and 'Privacy Policy'. The right screenshot shows the 'OTP Screen' with a back arrow, a message: 'You will receive an One Time Password to the email / cellphone number. please enter it to proceed further.', an 'OTP' input field, a 'Seconds remaining : 00 : 48' timer, and 'BACK' and 'CONTINUE' buttons. At the bottom of the entire image are logos for 'vsoft ingenuity at work' and 'wings Core Processing'.

Once they have logged into the application, they will get the options of issue input where they can enter the cheque details and the issue history where they can search for their entered details.

In the issue history screen, they can search for their details.

The screenshot shows the 'Issue History' screen with a search filter for account number 1289463849384915. Below the filter are input fields for Issue Date (05/05/2021), Issue Amount, and Cheque Number, each with a 'To' field. There are 'SEARCH' and 'EXPORT' buttons. Below the filters is a transaction detail card with the following information:
